

Benhar

The 'Benhar' has flare, great shape and an amazing private outdoor living area. Both lounges open out onto a private courtyard with an outdoor fireplace an option for increased privacy and comfort. Fixed nontransparent glass panels border the open plan lounge which allows light to filter into the hallway giving a warm and spacious feel. The master bedroom sits separate in it's own wing with large windows for a great light room. The exterior orange panels shown above can be painted or finished in any colour/cladding that you prefer.

Floor Area: 232m²
